

You are invited to Lakeview Elementary's

Thursday, April 11
3:30-4:30 in the Gym

In ancient Russia, villagers would have an annual festival to get the birds to come back after the long Russian winter, believing that the birds would bring the Spring with them on their return. The villagers would sing songs about birds, tie treats for the birds around fenceposts, and even paint themselves to look like birds.

To help bring back the Spring we are going to be having our own festival. There will be pine cone bird feeder making, face painting, and singing games. All are invited. We are also looking for any donations of the following items:

- Cheerios
- Crisco
- Pine cones

If you have any questions, please contact Mr. McKinney at loganm@provo.edu.
