

# Final Report for Trust Lands Funds

## Community Council Goals

2016-17

### Goal One

Our Goal - **5%** of students kindergarten – third grade below grade level proficiency will be lifted to proficiency as measured by the DIBELS assessment.

Results - At the beginning of the year 131 of the students k-3 were below proficiency. There were 123 students on the end-of-year test that were below proficiency. **7%** of those below were lifted to at or above grade level.

### Goal Two

Our Goal –**5%** of students below proficiency in Reading grades 4-6 at beginning of the year will move to proficient by the end of the school year as measured on the SRA.

Results - At the beginning of the year there were 125 students below proficiency on the SRA assessment in grades 4-6. In the April SRA assessment 99 students were below which means 26 students were moved from red to a proficient level. This means that **20%** of the students below grade level were at or above by end of year. Our goal was **5%**.

### Goal Three

Our Goal - Math grade 1-6 -**80%** of students in grades 1-6 will achieve 80% or higher on the end of year Go Math test. Go Math is our adopted text for math instruction. Houghton Mifflin Harcourt publishes it. Each grade level has an end-of year assessment.

Results - Using the End-Of-Year Go-Math assessment 549 students out of the 642 above the 80% standard. This is **84%** passing at over 80%

### Budget

The amount of trust land money spent to support these goals was \$58,418. This allowed purchase of computer equipment for teachers to use with students to practice skills and reinforce learning. Teaching assistants were hired to support teachers in re-teaching and small group intervention.
