

UTAH DUAL LANGUAGE IMMERSION

Providing a world of opportunities for students.

Dear Utah Portuguese DLI Parents and Students,

The Utah Portuguese DLI team has decided to continue its partnership with the Brazilian company *Elefante Letrado*, providing student access to online readers in Portuguese. The program was paid for by StarTalk funds and will be available to all Portuguese DLI students from now until the end of April 2016.

Elefante Letrado is a Brazilian company and website which offers online readers/books loaded from A to Z. The website can be in English for parent supervision, but the books are all in Portuguese for student use. Students can read books, listen to readings of the books, and also answer questions about the books. Teachers can monitor the books students read and check their progress.

Each student has a username and password (provided below), which provides access to the website and virtual library. We ask parents to encourage their students to use the program and take advantage of this opportunity to improve their reading skills in Portuguese. In April, we will analyze student use and decide if we will continue the program for another year. Other Portuguese online activities can be found on our website under the Students tab at <http://utahportugueseimmersion.org/students/>.

Thank you for your continued support,

Jamie Leite
